Subject: File Closure, James Terry, Imagine Mine, S0550025, Task 1421, Wayne County, Utah

Dear Mr. Terry:

The Division of Oil, Gas and Mining will close the file for the referenced Notice of Intention to Commence Small Mining Operations in accordance with your request dated December 10, 2006. The Division never found this notice to be complete, no surety was posted, and to the Division's knowledge, there is no disturbance.

If at some time in the future you intend to conduct mining operations at this site, you will need to file a new Notice of Intention to Commence Small Mining Operations, pay the permit fee, and post a reclamation surety.

Any questions concerning this letter can be addressed to Paul Baker at 801-538-5261.

Sincerely,

A handwritten signature in cursive script that reads "Susan M. White".

Dear Daron;

I am sorry that it took me so long to type the letter that you explained to me, which I do appreciate. I would like to close the application with my claims, The Imagine, on the Pine Creek area because I can just not afford to set up a Surety Bond for a small permit. More than likely come March, I have the set plans on only getting several 5 gallon buckets brought out of the creek from different areas. I am only going to use a shovel to get it accomplished and I do not think that it will not even be noticeable after 3 to 4 weeks.

Hopefully this little letter will be enough and if not the best way to reach me is 801 360 8667.

Thank You again;
James
